QUOTATION

Software Development Services

Construction & Interior Operations Management Web Application

A role-based web application for managing projects, employees, site activity, documents, payment records and operational reports.

Prepared for	Akash Interiors	**Quotation No.**	TA/AI/2026/1124
Prepared by	Tech Antral	**Date**	24 November 2026
Validity	15 days from issue date	**Project type**	Web application

1. Project understanding

Tech Antral proposes to design, develop, test and deploy a responsive web application for Akash Interiors. The application will provide a centralized workspace for the client's agreed project and workforce operations. The system will support an administrator and five additional role types, with access controlled according to their assigned permissions.

2. Scope of work and deliverables

Module	Included functionality
Overview dashboard	Summary cards and dashboard views for key operational information such as projects, jobs, workforce activity and records available to the logged-in role.
Jobs & projects	Create and maintain project/job records; capture job title, description, site, priority, dates, assigned staff and status; view and update progress.
Employee / workforce management	Add and manage employee profiles and contact details; assign employees to jobs/projects; view assignment information for the small initial workforce (approximately 7–8 employees).
Sites / branches	Maintain agreed site or branch records and associate jobs, employees, photographs and documents with the relevant site.
Site photographs	Upload and view before-and-after photographs against a job/site, with basic labels and upload details.
Documents & payment records	Upload and organize agreed project documents such as bills, invoices and supporting files; record basic payment information and payment status.
PDF summary reports	Generate downloadable project/job summary PDFs containing available project details, assigned employees, progress/status, before-and-after images, document references and recorded payment information.

www.techantral.in
D-26, SHIVNERI SOC, KRANTI CHSL, BHAGAT SINGH NO 1, LINK ROAD, GOREGAON WEST, Mumbai North West, MAHARASHTRA, 400104

Module	Included functionality
Notifications	Email notifications for new task assignments and agreed task events; WhatsApp Cloud API integration for approved task-assignment template notifications, subject to Meta approval and message charges.
Administration & access control	Role-based access for Super Admin, Management, Project Manager, Supervisor, Accounts and Auditor, with agreed basic permissions and protected access to relevant screens/actions.
Responsive interface	Responsive web interface for common desktop, tablet and mobile screen sizes for the included modules.

3. User roles included

Role	Indicative access
Super Admin	Full application administration, user/role management and access to all included modules.
Management	Dashboard and permitted finance, operational and audit views.
Project Manager	Create and update jobs/projects and manage assigned project information.
Supervisor	View assigned work and submit permitted job/site progress updates.
Accounts	Access permitted purchase/payment and finance-related records included in the agreed scope.
Auditor	Read-only access to permitted finance and audit information.

4. Technology and infrastructure approach

Frontend: React with TypeScript and a responsive UI framework.

Backend services: Firebase Authentication, Cloud Firestore and Firebase Cloud Functions where required.

File storage: Firebase Storage for photographs, PDFs and uploaded documents; Firestore will store file metadata and references.

Hosting: Web application hosting for the first year is included in this quotation.

Email: Transactional email integration using an eligible free-tier service, subject to that provider's limits and policies.

WhatsApp: Meta WhatsApp Cloud API integration using approved templates, subject to Meta business verification, template approval and usage charges.

5. Commercial quotation and price breakdown (all amounts in INR, ₹)

Description	Details	Amount (INR)
Web application design & development	UI implementation, agreed modules, role-based access, Firebase integration, notifications integration, PDF reports, testing and deployment assistance.	₹19,240.00
Hosting – first year	One-year hosting allocation for the deployed web application.	₹1,759.00
Total quoted project price	**Development + first-year hosting**	**₹20,999.00**
TOTAL PROJECT QUOTATION (INCLUDING FIRST-YEAR HOSTING)		**₹20,999**
Optional monthly maintenance (not included in total)	Only if the client chooses to subscribe. See Section 8.	₹500 / month

Amount in words: Rupees Twenty Thousand Nine Hundred Ninety-Nine Only.

6. Payment schedule

Milestone	Payment %	Amount (INR)	Payment trigger
Advance	40%	₹8,400	On quotation approval and project kickoff.
Demo milestone	40%	₹8,400	After presentation of the working agreed-scope demo.
Final delivery	20%	₹4,199	Before production handover / final deployment credentials.
Total	**100%**	**₹20,999**	

7. Third-party services and recurring charges

The quoted amount includes the first year of hosting shown in the price breakdown. The following third-party services are not unlimited and are not included as prepaid usage in the project price:

Service	Responsibility / billing
Firebase (Firestore, Storage, Functions)	The client should own the Firebase project and billing account. Any usage charges beyond applicable no-cost quotas, including database, storage, bandwidth and function usage, are payable by the client directly to Google.
WhatsApp Cloud API	Meta message charges, taxes, business verification requirements and any paid third-party provider fees are payable by the client. Utility notification templates must be approved by Meta where required.
Email service	Email integration will use an available free tier where suitable. Provider limits, sending policies, domain verification and any future paid plan are the client's responsibility if usage exceeds the free allowance.

www.techantral.in
D-26, SHIVNERI SOC, KRANTI CHSL, BHAGAT SINGH NO 1, LINK ROAD, GOREGAON WEST, Mumbai North West, MAHARASHTRA, 400104

Service	Responsibility / billing
Hosting renewal	The first year is included at ₹1,759. Renewal after the first year is ₹1,759 per year at the current quoted rate, subject to provider pricing and renewal availability.
Domain name	Domain registration or renewal is not included unless separately listed and approved in writing. If the client already owns a domain, configuration can be done subject to access being provided.

8. Optional maintenance (not included in the project total)

Optional monthly maintenance: ₹500 per month

Monthly maintenance is optional, is not mandatory, and is not included in the ₹20,999 quotation. It applies only if the client chooses to subscribe. It covers reasonable minor bug fixes and basic technical assistance for the delivered scope. New features, redesigns, data entry, third-party charges and major changes are excluded and will be quoted separately.

9. Exclusions and scope boundaries

- Full ERP functionality for every item shown in any reference sidebar is not automatically included. The included scope is limited to the modules and functionality described in Section 2.
- Advanced payroll calculations, salary slips, statutory deductions, biometric attendance integrations, leave management and shift rostering are excluded unless separately specified.
- Full procurement workflows, vendor portals, multi-level purchase approvals, GRN automation, inventory valuation, stock transfers and barcode/QR workflows are excluded unless separately specified.
- Advanced quotation/accounting systems, tax filing, GST e-invoicing, bank/payment gateway reconciliation and accounting software integrations are excluded unless separately specified.
- Native Android/iOS applications, offline-first field app functionality, GPS/live tracking, maps, push notifications and third-party integrations not listed in this quotation are excluded.
- Bulk historical data migration, manual data entry, content creation, employee device procurement and on-site training/travel are excluded unless agreed separately.

10. Terms and conditions

1. **Quotation validity:** This quotation is valid for 15 calendar days from 24 November 2026. After expiry, pricing and schedule may be reconfirmed.
2. **Project commencement:** Work begins after written acceptance of this quotation, receipt of the advance payment and receipt of required content, credentials and project inputs from the client.
3. **Requirements freeze:** The scope in this quotation is the agreed baseline. Any additional feature, workflow, role, integration or material change requested after approval will be assessed and quoted separately. Work on additional scope starts only after written approval.

D-26, SHIVNERI SOC, KRANTI CHSL, BHAGAT SINGH NO 1, LINK ROAD, GOREGAON WEST, Mumbai North West, MAHARASHTRA, 400104

4. **Client responsibilities:** The client will provide accurate project, employee, site, payment and document information; approved logos/content; access to domain and third-party accounts; and timely feedback and approvals.
5. **Review and acceptance:** The client will review milestone demos and provide consolidated feedback within 5 business days. Delays in feedback, content or approvals may extend the delivery schedule.
6. **Revisions:** The project includes up to two reasonable rounds of UI/content adjustments within the approved scope. New screens, changed workflows or additional functionality are not revisions and may incur additional charges.
7. **Third-party dependencies:** Availability, pricing, limits, approvals and service levels of Firebase, Meta, email providers, hosting providers and domain registrars are controlled by those providers. Tech Antral is not responsible for their outages, policy changes, rejection of templates or changes in charges.
8. **Data and security:** The application will be configured with role-based access and reasonable security rules for the agreed scope. The client is responsible for the accuracy and lawful use of uploaded data, managing user access and safeguarding account credentials. No system can be guaranteed to be completely immune from security incidents.
9. **Backups and retention:** Any backup, archival or retention schedule beyond the standard capabilities/configuration of the selected services must be separately agreed. The client should retain ownership and control of its production data and billing accounts.
10. **Payment and suspension:** Invoices are payable according to the milestone schedule. Tech Antral may pause work or withhold final handover if an instalment remains unpaid after written notice.
11. **Warranty/support:** A 15-day post-handover period is included for correcting reproducible defects in the delivered agreed scope. It does not cover new features, third-party service failures, user error, unauthorized modifications or changes made by others. Ongoing support after the warranty period is available through the optional ₹500 per month maintenance plan (Section 8).
12. **Ownership and handover:** After full payment, the client will receive the agreed production handover and access to the client-owned accounts/project resources configured for the application. Third-party libraries and services remain subject to their own licences and terms.
13. **Cancellation:** If the project is cancelled after work has started, the advance will be adjusted against work completed, committed costs and deliverables up to the cancellation date. Any balance due or refundable will be reconciled transparently.
14. **Taxes:** The quoted amounts are stated in INR (₹). Any applicable taxes, if required by law, will be shown separately on the invoice.
